

SOPHIA COLLEGE (Autonomous), Ajmer

DEPARTMENT OF ECONOMICS

2025-26

ACTIVITY 1

Name of the Department – Economics

Name of the Activity: Social Outreach Programme

Date: 17th December, 2025

Total Number of the Participants: 51

Venue: Dayanand Bal Sadan, Ajmer

The Department of Economics organized a Social Outreach Programme “Joy of Giving” to an orphanage which aimed to go beyond academic learning by encouraging students to contribute meaningfully to society and interact with children in a compassionate and supportive environment. The orphanage housed young children, and the visit was designed to bring joy, creativity, and a sense of care into their daily lives.

Learning Outcomes:

- Promote the values of kindness, sharing, and inclusivity among students.
- Create a positive and joyful experience for the children through interactive activities while also sensitizing students to social realities.
- Contribute materially by organizing donations to support of the children.
- Fostering social responsibility, empathy, and community engagement among students.

ACTIVITY 2

Name of the Department – Economics

Name of the Activity – BSE's Investor Awareness Program

Date: 11th December, 2025

Total Number of Participants: 60

Venue: Sophia College (Autonomous), Ajmer

Resource Person: Ms. Marina Jose, BSE (Bombay Stock Exchange), Senior Officer, UAE Exchange and Finance Ltd.

The Department of Economics organized a "BSE's Investor Awareness Program" aimed at introducing students to the dynamics of the Indian Securities Market. This initiative was designed to bridge the gap between theoretical financial concepts and practical market participation, ensuring students are well-equipped to manage their personal finances.

Learning Outcomes

- To introduce the fundamental principles of investing in the Indian Securities Market.

- · To dispel common misconceptions and fears associated with equity investments.
- · To provide a detailed explanation of the criteria for choosing a company for investment.
- · To highlight common mistakes made by investors and provide strategies to avoid them.
- · To raise awareness regarding prevailing scams and frauds in the financial sector.
- · To facilitate an interactive environment where students could clear their doubts through a Q&A session.

Name of the Department – Economics

Name of the Activity – Career Guidance and Skill Development Workshop

Date: 28th September, 2025

Total Number of Participants: 15

Venue: Online Session

The Department of Economics in collaboration with Skill Dunia & E Cell IIT Hyderabad, organized an exclusive "Career Guidance & Skill Development Workshop" for the students. This session was designed to help students gain clarity on their professional career paths and equip them with the necessary tools to become job-ready in a competitive market.

Learning Outcomes

- Providing students with comprehensive industry insights and career pathway mapping.
- Teaching the technicalities of Resume Building and ATS (Applicant Tracking System) Optimization.
- Enhancing student confidence through interview preparation and skill development strategies.
- Offering clear placement guidelines and long-term career growth strategies.
- Ensuring inclusive access to professional guidance by providing the session free of cost.

ACTIVITY 4

Name of the Department – Economics

Name of the Activity -Union Budget 2026-27 Discussion

Date: 16th March, 2026

Total Number of the Students: 30

Venue: Sophia College (Autonomous), Ajmer

The Department of Economics organized an interactive "Union Budget 2026-27 Discussion" to engage students with the latest fiscal policies and economic directions of the country. This program aimed to go beyond academic learning by encouraging students to analyse real-world financial data and understand the implications of the national budget on various sectors of the economy.

Learning Outcomes

- To introduce students to the key highlights and structural changes in the Union Budget 2026-27.
- To encourage the importance of data visualization through creative academic exercises.
- To provide students with valuable exposure to macroeconomic policy and reinforce the idea of informed citizenship.
- To develop collaborative skills through group-based analysis and public speaking.
- To sensitize students to the social and economic realities reflected in government spending and revenue allocations.

Name of the Department – Economics

Name of the Activity – Sophia College Model United Nations

Date: 30th – 31st October, 2025

Total Number of the Students: 62

Venue: Sophia College (Autonomous), Ajmer

The Department of Economics successfully organized Sophia College Model United Nations (SCMUN) - *The Concordia Summit 2025*, the maiden edition, at Sophia College (Autonomous), Ajmer, with the objective of fostering diplomatic skills, critical thinking, and global awareness among students. The two-day conference brought together enthusiastic delegates from various schools & colleges from across Ajmer city, providing them with a platform to deliberate on pressing global and national issues through structured debate and diplomacy. The event aimed to simulate the functioning of the United Nations while encouraging youth participation in policy-oriented discussions.

Learning Outcomes

- To foster wisdom, dialogue and empowerment among students. - To provide a dynamic forum to engage students with pressing international issues, sharpen their analytic skills, and to experience the art of negotiation and policy-making.
- To inculcate multidisciplinary thinking skills in students.
- To make students aware about the real complexities of balancing national interests and international relations.

ACTIVITY 6

Name of the Department – Economics

Name of the Activity – Release of the 4th Edition of Departmental Magazine” Econ’omica”

Date: 6th April, 2026

Total Number of the Students: 30

Venue: Sophia College (Autonomous), Ajmer

The Department of Economics proudly released the 4th edition of its annual magazine titled “**From Need to Wants**”, a completely student-created initiative. This edition reflects the creativity, analytical thinking, and economic understanding of students, who contributed articles, case studies, illustrations, and contemporary reflections on how human needs evolve into wants in a dynamic economic environment. The magazine serves as a platform for young economists to express their ideas, connect theory with real-world scenarios, and engage with current economic issues in an innovative way.

Learning Outcomes

- Develop a deeper understanding of core economic concepts such as needs, wants, and resource allocation.
- Enhance research, writing, and analytical skills through article creation and content development.
- Bridge the gap between theoretical knowledge and practical economic realities.
- Improve teamwork, coordination, and editorial skills while working collaboratively on the magazine.
- Gain exposure to creative expression in economics, including design, storytelling, and visual communication.

- Build confidence in presenting and publishing their ideas for a wider academic audience.
